LANCASHIRE YORKSHIRE RAILWAY.

NOTICE TO GUARDS.

DELAYS TO PASSENGER TRAINS.

The Directors have again called my attention to the want of smartness exhibited by some Guards in the working of Trains, and attribute a good deal of the bad running to want of energy on the part of the Guards in pressing the Platform Staff to perform the Station duties in a smart manner, and also not being themselves ready to sharply take up the Signals given to them for starting their Trains, and occasionally in not placing themselves in such a position that they can be readily seen by the Drivers.

Every second is of importance at a Station, and I must impress upon you the necessity of assisting to improve the character of our Train Working, which has seriously decreased in efficiency.

Reports must be made of Stations where time is lost through dilatoriness, or where the Staff are not in attendance on the arrival of Trains, and also where Drivers do not take up the Signals promptly and start quickly.

CHAS. J. NICHOLSON,

Passenger Superintendent.
